## ABOUT NATIONAL HUMAN TRAFFICKING PREVENTION MONTH

In 2010 President Barack Obama designated January as National Human Trafficking Prevention Month. It was established with the intention of re-dedicating ourselves to the preventing and ending human trafficking – in all its forms. During January, we collectively pause to acknowledge the impact to communities around the world, including our own. We stand with survivors, allied individuals and agencies from every discipline who commit to building a future where generations to come may thrive free from exploitation.
