## Trauma Informed Healthcare for Youth Impacted by Commercial Sexual Exploitation (CSEC)

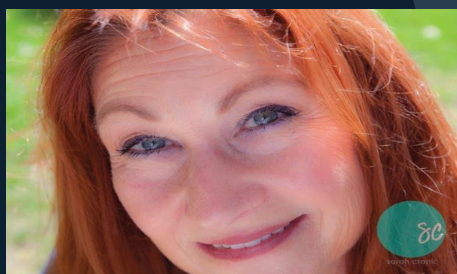

August 8, 2024 9AM - 12PM via Zoom

**3 Nursing CEUs Available**

**[LEARN.CASTLA.ORG/CSEC-HT](https://learn.castla.org/csec-ht)**

### **COURSE OBJECTIVES:**

- Define human trafficking as exploitation using the means of force fraud or coercion- unless the patient is a minor.
- Define terms of trafficking, including labor, sex, commercial sex, forced criminality, familial trafficking.
- Identify human trafficking as a wide spectrum of potential overlapping abuses, exploitation, violence, and trauma.
- Providers will understand the impact of exploitation and trauma and how this impacts youth requiring medical care.
- Distinguish presence of red flags or indicators of trafficking during assessment.
- Review assessment tools, RAFT, QYIT, and minors for sex trafficking.
- Examine the 4 R's of Trauma Informed Care.
- Consider the steps of a Trauma Informed Actions as an intake using Dr. Ravi handout.
- Discuss the PEARR Tool
